1 - 3 days. Expert Rating 5,756. This is the 2nd version of Ecodial Advanced Calculation. In the first version Ecodial Advanced Calculation was not very good because it had a lot of bugs in it. I worked for 1 year to fix the bugs in this version. Now Ecodial Advanced Calculation works very well. Sometimes it has a little bit lag. While calculating the total cost of wiring... 8 Gemma Personal Notes Made Easy Personal Notes is a powerful Windows program that allows you to create notes, lists, and checklists in MS Word-like format. You can also share notes with others, email them, and print them. Easy to use. Click on the "down arrow" to display a list of other programs with similar functionality. GEMMA Personal Notes Made Easy Personal Notes is a powerful Windows program that allows you to create notes, lists, and checklists in MS Word-like format. You can also share notes with others, email them, and print them. Easy to use. Click on the "down arrow" to display a list of other programs with similar functionality. Note - The program to read notes is called NoteBook Personal Organizer... 9 Combobuilder The
